EXPERIENCES

Lead UI UX Developer | Feb 2023 - till date

NetTrackers | Gurgaon

Designs and develops user-friendly interfaces for web and mobile applications. Combines design principles with front-end development skills to create visually appealing and highly usable digital experiences. Collaborates with cross-functional teams to ensure seamless user interactions and responsive designs.

Senior UI UX Developer | Feb 2017 - Feb 2023

Mysoftwarelab GmbH | Gurgaon

I have done 5 and more SAP internal projects. Designed and implemented new concepts for signup, new user experiences, and user interactions. Launched product features and improvements using user research. Communicated ideas using mockups using Adobe Photoshop and prototyping using visual studio. Worked independently and with a small team to ship user interface improvements and fixed bugs in SASS, html5,jQuery and Angular.

Senior UI Designer | Oct 2015 - Jan 2017

Wizni | Gurgaon

Worked with the Product Design Team to design new user interfaces to improve the inkling product on web, tablet and mobile. Designed a new interface, including a new library. Conducted research to establish business and user requirements and delivered thorough design spaces for engineers to implement.
